

# EE513 Quiz 5

Matt Ruffner

April 27, 2017

## 1 Part 1

The program `cepcoeffs.m` computes the cepstral coefficients.

The program `showcepstral.m` iterates over the input data showing the cepstral coefficients.

At the end, the averages are shown.

There is a fairly noticeable difference between the yes and no averages, this is without any segmentation.

Average no is in Fig. 1.

Average yes Cepstrum in Fig. 2.

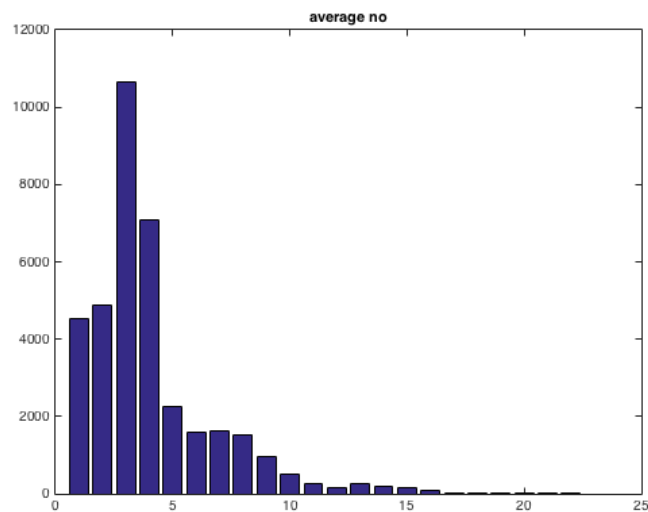

Figure 1: average no cepstrum

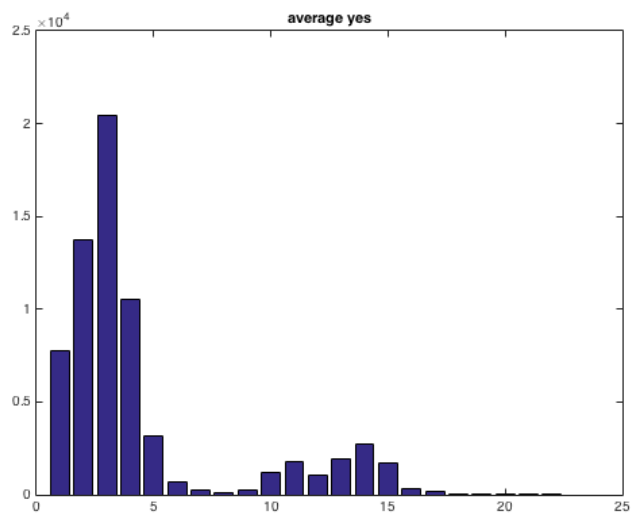

Figure 2: average no cepstrum
